Q.—74 Will the Government be pleased to state:—

Whether there was any strike in the Mahomedan section of the Training College, Mysore, during January 1935, and if so, what was the cause and how it ended ?

GENERAL SECRETARY TO GOVERNMENT.—

A.—74. There was a strike in the Muslim section of the Training College for Men, Mysore, in January last, as a protest against the order of the Principal of the College, granting privilege leave on half pay to certain students who left the station on the days on which the College had been closed for the specific purpose of enabling the students and the teachers to attend the Conference of Primary and Middle School Teachers, which was in session at Mysore on the 20th, 21st and 22nd December 1934.

As this was an act of indiscipline on the part of the students, specially teacher-students, who are Government servants, they were suitably punished.
